- IRCS NHQ Meetings
- Blood Donations activities
- Response to COVID-19, floods & other disasters
- Training & Workshops
- Congratulations, Farewell, Health Camps & Celebration of Important Days
- Media Coverage

CONGRATULATIONS Mr. Cyriac Cherian, Project Coordinator, ICRC program. We proudly present this STAR EMPLOYEE OF THE MONTH at IRCS-NHQ. He is involved in the reporting & coordination of the IRCS-ICRC Cooperation Project. He also coordinates IRCS-YRC activities. We appreciate his efforts towards maintaining the cleanliness at his work station & his surroundings.

KEEPING YOUR WORK AREA CLEAN IS PART OF YOUR JOB ASSIGNMENT........

This month started on a positive note reducing on Covid numbers, as the latest coronavirus tally updated by the Union Health Ministry shows that all indicators are either in green or inching towards that. Another sign of relief was a consistent drop in the Covid fatalities. With the third wave subsiding, India’s positivity rate has also fallen to 1.01%, while the national recovery rate rose to 98.52%. The testing results clearly indicate that a general decline is perceptible in the spread of the virus.

Almost two years after India went into the world's biggest lockdown to slow the spread of COVID-19, students are heading back to school. It is a sign of normal life resuming its normal pace across the country. Roads and trains are once again congested as people return to offices, movie theatres are reporting a surge in foot traffic, restaurants and gaming parlours are packed. There is hope that people will continue maintaining social distancing and wearing masks as much as possible.

I would like to thank all the branches for undertaking various humanitarian activities like the distribution of hygiene kits, masks, sanitizers, food items, kitchen sets, tarpaulins, mosquito nets to the vulnerable & needy during the inevitable disasters & calamities.

I congratulate Mr. Cyriac Cherian for being recognized as the STAR EMPLOYEE OF THE MONTH by maintaining hygiene & cleanliness at the workplace.

IRCS (NHQ) MEETINGS

Flood Early Warning Project

National Monitoring Committee Meeting to review Flood Early Warning Project was held on 2.2.22 and it was decided that the impact of this project during the 2022 monsoon must be felt by the community and appropriately documented and measured. Monsoon season starts in April in Assam and in June in Bihar. Therefore, intense training and preparations should be planned during the next 2 and half months to ensure alerts are timely delivered and the community benefits during flood season.

Programme Managers from IRCS and IRCS visited Guwahati to review the project and met the chief of field staff, UNICEF and officials of ASDMA to work out collaboration on Flood Early Warning Project.

The Bihar State Disaster Management Authority (BSDMA) had organized a Stake Holders Meeting on IRCS – Google Flood Forecast Community Based Program (Bihar), on 4th Feb’22. Officials of three different Govt. line departments i.e. (i) Water Resources Deptt. (ii) Planning and Development Deptt. (iii) Disaster Management Deptt. participated in this meeting. IRCS, National Headquarters made a presentation on Flood Early Warning Project in this meeting.

On 25th February, 2022 CSS cadre officers in the Ministry of Health and Family Welfare visited NHQ for an induction program and to learn about the functioning of a Statutory Body.

Finance Committee meeting was held on 22nd February, 2022 in which important items such as appointment of Statutory Auditor, Forensic Auditor, IRCS- Cooperation project 2022 etc. were taken up for consideration.
