

National Voluntary Blood Donation Day, 01st October 2024

"The gift of blood is a gift of life"

I extend my warmest greetings to our donors, volunteers, and staff members of Indian Red Cross Society on National Voluntary Blood Donation Day.

Blood donation is a selfless act that not only saves lives but also strengthens the bond of humanity. Today, we recognize the invaluable contribution of voluntary blood donors who have chosen to donate their blood to those in need. Your kindness and generosity are a beacon of hope to those who require blood transfusions.

As we mark this special day, I would like to acknowledge the tireless efforts of our blood centres, collection teams, and medical professionals who work tirelessly to ensure that blood is available to those who need it the most.

I would also like to appeal to all fit individuals to donate blood. Every unit of blood can save up to three lives. Your donation can make a significant difference in the life of a patient in need.

Let us continue to promote the culture of voluntary blood donation and create a society where blood is readily available to those who require it.

Thanks for your unwavering commitment to the noble cause of saving lives through blood donation. I am proud to be a part of an organization that embodies the spirit of service and compassion.

Happy National Voluntary Blood Donation Day!

Sincerely,

A handwritten signature in black ink, appearing to be 'R.K. Jain'.

R.K. Jain,
Secretary General,
