“Service to Humanity is Service to God.”

The Sunrise came up with an Aim of rendering more food, water, supplies and Smile to the melancholic humans. When our teams went there, it was as if a dry leaf had a drop of water fell on it, removing all kinds of tensions and grief, has become green and happy. Our squads always extended their hands to distribute groceries, vegetables to daily wage workers living across the state. Every home was open to get aware relating COVID-19. Helping by inculcating social distancing in them, by explaining to be at least one meter away in layman language was most endearing. Distribution of hygiene products and safety materials like masks, sanitizers to the poverty-stricken people, street vendors and all those who weren’t in a state to get these things and care about their health was done by most of the volunteers across the state. Every bit Counts... Years followed, every Red Cross Member when enters into this organization pledges to work endlessly and help compassionately.
